"The President's Transmission"

Hard to believe it is May already and we are in car show season. While we do not celebrate May 1st, in many countries of the world May 1st is celebrated as a traditional springtime festival or as an international day honoring workers. In the US this is the month set aside to honor mothers so if you are fortunate to still have your mother alive remember May 8th is Mother's Day. Remember the monthly Club meeting has been moved to May 15 so you can spend time with your family.

For some around the Metroplex they are probably saying "Mayday", the traditional word used by planes and ships to indicate they are in extreme distress. At least one of our members who lives in Wylie is in extreme distress due to the recent hail storm that damaged his house, cars and other property. We had hail in Lavon from the same storm but were spared the baseball size hail stones that Wylie received. No hail stones came through the roof like Wylie but it was the worst hail storm I have experienced since living in Texas.

Due to serious health issues Clint Cash, the current VP, has stepped down as MiniNats Director. Jerry Reed is working on the awards and T-shirts, Everett Lee stepped up to solicit sponsorships and Frank Maxwell is the facilities manager. We always need volunteers so please step forward if you are willing to help.

Wylie Bluegrass on Ballard is July 3rd this year. The City has expanded car show space but has divided the space with the Bluegrass stage in the middle which will present some unique challenges. Sound this year will be managed by "Dr. Dave and Brother Gary" which will relieve Arthur Clarke for other duties. Dr. Dave has an older Air Stream trailer that he converted into a sound studio on wheels so he can roll in and set very quickly. We will need more volunteers for the Wylie show this year due to the layout.

See you at the next Club meeting.

Bill

The Dallas Mopar Club Meeting

Sunday April 10th, 2016

Spring Creek Bar-B-Q

The meeting was called to order at 2:10pm by Jerry Reed

The minutes of the April Board meeting were read by the secretary, Lee Elms.

We discussed the parking and the judging at this years' MiniNats. We will not have the judging tents set up this year. Jerry is overseeing the MiniNats this year because Clint Cash has health issues and can't do it this year. LeRoy Daniels is going to be the head judge. Sandy, Barbara and Jodie are going to handle the sales table. Jerry is also working on the t-shirts and trophies.

Upcoming Events: The next club event will be to work on the club trailer. It was damaged in the hail storm and there is some water damage inside also.

Kellers Drive-In on Northwest Highway has a get together on the 4th Saturday of the month.

Meteor Burgers in Wylie starts their car show in May on the 1st and 3rd Tuesday evenings.

May 7th is the McKinney Car Show.

Next Saturday is a get together in Arp, Texas. A gentleman named Wayne has 7 buildings that he has filled with around 70 Vipers, Challengers and Chargers. The Shreveport club is going there to tour it, and we are invited to go and see it too.

May 11th-14th is the Annual National Plymouth meet in Kerrville, Texas at the YO Ranch Convention Center.

Jerry is selling his 1999 Dodge truck with only 119,000 miles on it for \$5,000. It has a 60 motor. He is looking for an '89-'97 turbo diesel pickup.

Because Mothers' Day falls on the 2nd Sunday of the month, our May meeting will be on Sunday May 15th. The Board meeting will be on Friday, May 13th and it will be at Jerry Reeds' house.

The club approved to sponsor the automotive class at Skyline High School with a \$1,000 donation.

The club jackets are still in the works, and Everett is working with Gabby on these. They have settled on the logo to be embroidered on the back of the jacket. Hopefully the price will not be above \$50.

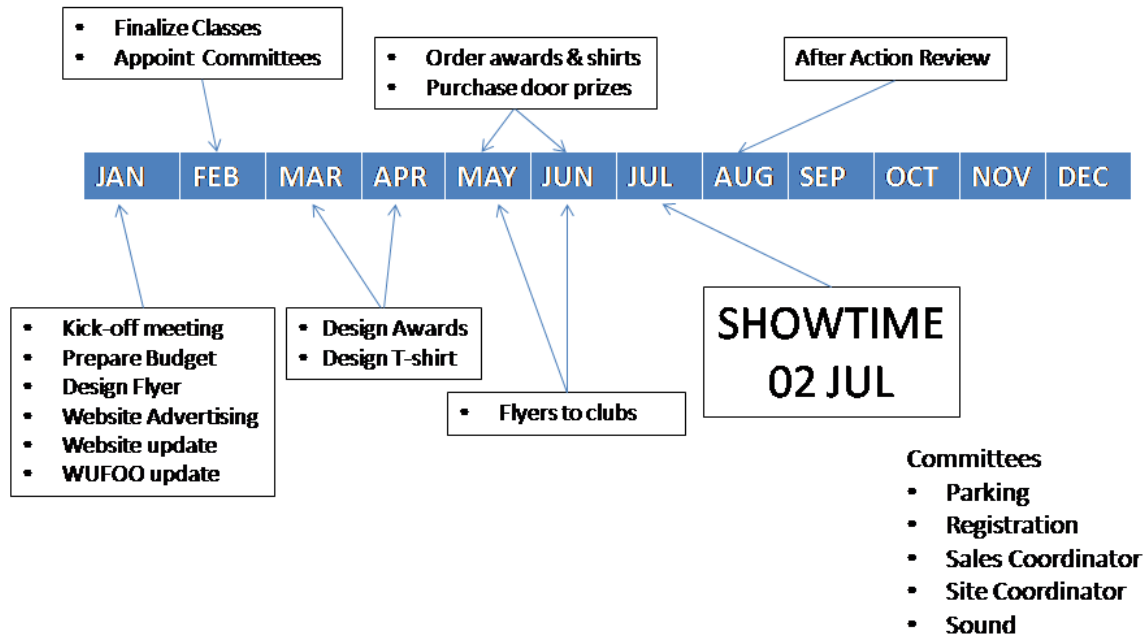

The meeting was adjourned at 3:10pm.

Respectfully submitted,

Lee Elms, Secretary

Brad Buttermore's GTX engine installation:

On Saturday April 9th a group of Dallas Moparites gathered At Brad Buttermore's house to install the engine in his GTX.

The installation started at 9:30, first a finger count

Left to right: David Martin, Bill Bonney, Chris Buttermore, Jerry Reed
Brad Buttermore, Mark Faught, Ruben Mercado, Frank Maxwell, Tony Feger
Not pictured: Bob Ostrowski and Tracy Barenz

Installed the torsionbars to allow the car to be put on the wheels and rolled out to a point where the engine could be installed. Motor mounts and transmission mounted to the engine.

Installation of motor mounts and transmission secured.

Typical engine hoist can lift 1000+ pounds but can't roll over a small bump.

Pointy end goes in first

Almost there getting the motor mount bolts installed

Oh I am so tired

Mission accomplished

We finished around 1:00 and Becky Buttermore graciously made lunch for the crew

My great aunt bought this car in Wichita ks and gave it to my dad before she died it has been inside barn since. There is small dent on each side in front. I have driven this car up to 70 mph. nice ride. I believe it is the vacuum brake booster needing replaced and a tuneup. Inside and out all original with original spare tire. the only lights not working are back dome and trunk probably bulbs. It has ac and blower works haven't checked about Freon. Upholstery and carpet original and good shape. I have changed spark plugs and wires. I have put new tires on it. It has the 361 v8. Any questions please contact me. Thanks Les (405) 830-2578
