The President's Letter

The Club's Christmas Party was December 7th at the Garland Senior Activity Center. While attendance was light this year, the food was good and the gift exchange as much fun as ever. A short meeting was held to elect officers for 2020.

- President - Frank Maxwel (Moparmax)
- Vice President - Becky Buttermore
- Treasurer - Brad Buttermore
- Secretary - Craig Bush

There was some discussion on the location for next year's board meetings but no decision was reached other than it needs to be in a more central location. Look for an announcement from Moparmax later. Brad presented the financials for 2019 covering extraordinary expenses for the year that contributed to the minor loss of income for 2019. Contact Brad if you want a detailed cash flow.

First item of business for 2020 will be the Club's participation in AutoRama. With Bob O's retirement and transition to his home in Arkansas the Club will need all hands-on deck to plan and manage this event.

Thank you to everyone who made this year such a success!

Remember the "reason for the season" is to honor and celebrate the birth of Christ the Lord. For unto you is born this day in the city of David a Savior who is Christ the Lord. And this will be sign for you; you will find a baby wrapped in swaddling cloths and lying in a manger." And suddenly there was with the angels a multitude of the heavenly host praising God and saying,

"Glory to God in the highest,
And on earth peace among those
With whom he is pleaded."

May God bless you greatly this coming year.

Bill

**The 43rd Edgewood Heritage Festival Cruise Edgewood Texas
Saturday - November 9, 2019 8:00 AM**

The club members (except Frank Maxwell and Jim Daniel) met up at Bucee's in Terrell TX and except for a minor miscalculation on direction, followed Brad and Becky to Edgewood out old Hwy 80, through Terrell, Wills Point and into Edgewood.

The weather was perfect for a cruise day although just a bit Chilly. Steve Goode, who helps to operate the Edgewood Fall Festival saved us a nice group of spots along the main street, so we could all park together. We all settled in about 8:50 AM, except Frank and Jim who were missing in Action. The town was busy and they still seem to produce a lot of beautiful cars and a wide variety of dates and types of vehicles. They also have a Farm Tractor Show as part of the event and they had a good group of participants as well. By the way, Frank and Jim called at 10:30 to say they were almost there and finally showed up to join the team. Nice to see Frank's new Mitsubishi 3000 and to have him attend with a MOPAR or MOPAR like vehicle. Frank and Jim go back a long way with the club and it is really fun to have them together again as part of the club.

There were more vendors than I have seen in past shows, so it added to activities of the day instead of just sitting with the cars. I was again forced into the bakery so Becky could have her fix of sweet baked goods. Before I knew, I purchased a "Peach Stollen", which I was told is a Polish baked good prepared by a local resident. Michelle Reed, usually a woman of great will power was slinging a bag of homemade brownies and I think everyone there from our group was partaking in a variety of foods. There was plenty of healthy foods too, like: Sausage on a stick, Beans and Cornbread, Turkey legs, home made Kettle corn, BBQ and more.

Finally, I was very pleased to have Rocky Hardick and Roy Gronau in our group. These rather new members made it nice because they helped deliver some very nice MOPARS to the show. We appreciate that Roy also brought his two sons.

Anyway, it was a great day for driving our classic machines and enough to do at the town festival to keep it from dragging on.

The only awards are the Top 15, along with a couple of "best ofs". It is a not a big MOPAR community and it is participant judging, so Becky and I hit the road a little early to watch the Alabama football game! Whoops, not a good afternoon for my lovely Alabama girl.

Let's do it again soon. Pick another town and solicit participants. We still have some good cruising weather ahead of us.

Dallas Mopar Club Christmas Party was held on Saturday Dec. 7th, at the Garland Senior Center. Dickey's BBQ dinner was delivered with brisket, chicken, sausage, sides of mashed potato casserole, BBQ beans & green beans, salad, tea and lemonade. Desserts were provided by club members.

Following dinner, a short meeting was held to elect new Dallas Mopar officers. Congrats to the 2020 elected DMC officers.

- President - Frank Maxwel (Moparmax)
- Vice President - Becky Buttermore
- Treasurer - Brad Buttermore
- Secretary - Craig Bush

A 50/50 ticket drawing and a white elephant gift exchange with presents being stolen and traded followed dinner. Everyone had a great time.

=====

Hello from The Houston Mopar Connection Club,
We have a family who has a 1970 Plymouth Road Runner for sale and I am trying to help them out. They are Bill and Tonya Keneda (tkeneda@comcast.net). Her husband had a cardiac arrest last year and spend 8.5 months in the hospital. Sadly, he was without oxygen for a bit and sustained a brain injury. Thank God, he is out and back home now, but he will never work again and struggles to do more than simple daily tasks. Needless to say, they realize his plan to restore his muscle car is no longer a possibility. They reach out to me for advice on the best way to sell their 1970 Plymouth Roadrunner. It has been in storage for at least 30 years, and has a nice layer of dust and dirt on it. It was running when it went into storage. Bill drove it in high school, and possibly won a race or two in it.
Bill is Mopar all the way (his current car is a Dodge Durango), and maybe you know someone who will love the car like he did?

1970 Plymouth Road Runner for Sale

Paint Color Ivy Green White Vinyl Top Black Vinyl Bucket Seats and Interior Engine 383 – 6.3L (Not Original) Transmission 3 Speed Automatic Power Steering Manual Brakes High Rise Intake Manifold 26” Radiator Air Grabber Hood Weight 3451 lbs. Length 204.00 inches Width 79.10 inches

This is a sound straight bodied Muscle Car that has been parked in storage buildings. The vehicle was driven and parked in the fall of 1981, last state inspection sticker was 1985, and had anticipation of restoring it back to its original condition when time permitted. The engine and transmission were rebuilt before it was parked and has from 10 to 15,000 miles on them, and has not been started in a long time. There were plans to restore the vehicle in the next few years, unfortunately health conditions will not allow this to take place. From what can be seen, the vinyl top will have to be replaced, while it is off, there is some rust under it. The driver's side fender was replaced years ago, but it looks like it was installed correctly. The body will need to be repainted, and since you will want to pull the motor and freshen it up, paint the engine bay as well. The bucket seats look in good condition, along with the dash, but the carpet will need replacing. We are asking \$18,000 for this solid muscle car. This can be restored back to either a driver or a show car depending on your needs. There are photos attached.

For more information contact Tonya at tkeneda@comcast.net Vehicle is in Cypress Texas

1974 Javelin AMX is being offered for sale. This is a great project car. Car is an original 401, auto, ps, pdb, vinyl roof, a/c car. It originally came from CA and is almost rust free. Small area of rust on left rear panel underneath where it curves under frame. Paint is original so it shows signs of wear. The parts for the a/c are all there but it is not running. The heater has been bypassed but the fan does run. Various electric rewiring has been done. It appears there may still be a loose ground as the gauges work intermittently. It had the seat belt interlock but most of it has been removed. There is an aftermarket stereo mounted in the trunk but the original radio is still in the dash. An inop aftermarket antenna is mounted on the left rear quarter panel.

Following done in 2017: carpet replaced, replaced timing chain and new timing cover, replaced radiator and hoses, new shocks, new water pump, 4 new tires.

Vinyl seats are all in good condition. There is a new hood stripe that has not been installed. Brakes are good. Had to replace the transmission speedometer gear with a different gear as the correct one is no longer available. The engine starts right up and runs strong w just a bit of smoke, almost all on the start. Carb needs to be adjusted as it does run rich. Interesting note is that it does not have the interior hood release. Again, one small area of rust, 401, great bones for a car that can be easily returned to its glory days. Car is located in North - Carrollton. Asking price is \$9K obo. To coordinate a viewing please contact Tina Flatt at: dcflatt@verizon.net.

For sale;

4 14" Rallye wheels with caps and trim rings. Very nice driver quality. 5 x 4" bolt pattern....(A body).

Tires look good, no weather cracking or rot but they are at least 10 years old. I probably wouldn't trust them for long freeway cruises....,\$250
