The President's Letter

Well, I'm back. For more. And I am thrilled and loving it. A great big THANK YOU goes out to Bill Bonney, and the rest of the 2019 Board. Congratulations to the newest elected board members, Becky Latham Buttermore as V. P. and to Craig Bush as Sec., and I look forward to serving again in 2020. Maybe another Roaring '20s from times gone by. That was before my time as the politicians are fond of saying.

We did have a wonderful end of year list of club activities, including the annual joint Cowtown/DMC picnic. This year it will definately be on a Saturday, and hopefully at the same location. We had a great show in Edgewood. I met a new club member, Roy Gronau and his sons. They have a '73 sassy grass green Challenger. Very nice car. It will be in Autorama 2020. Also, my new red car was introduced for the first time to the public. (see Dec. 2019 newsletter for Edgewood pics). We welcomed back an old club member who renewed, Steven Dykes. He lives in Bastrop, s. e. of Austin. He wants to become more active again. He came all the way up from Bastrop for our Christmas party.

Finally, but certainly not least, another big Thank You goes out to Robert Vaughan (club director) and our contact for the TMCCC drag racing events. They had a good racing year, and had what I heard was a very nice awards banquet. On a personal note, I was thrilled to see Anthony and Sandy Shelton at our Christmas party. Sandy, your husband will be missed.

Dallas Autorama 2020 is first up this year. I have already put together an almost full list of entrants. Move in day is Thursday Feb. 13th, 9 am to 9 pm. Show is Friday afternoon, and all-day Saturday and Sunday, Feb. 14th thru 16th. Move out is Sunday night after trophy presentation. Your vehicle will be fully protected while it is in the building.

Next monthly club meeting is January 11th. Come with your entry application completely filled out, or mail to me. The very next day the entry forms and check will be mailed to the Autorama people. No late entries. We will have an alternate list of vehicles for those having to cancel. Also please be prepared to renew membership via cash/check to Brad (\$25) for single membership, or mail Brad a check, or you are encouraged to go online to our web site and renew via PayPal.

Those entering Autorama will receive your show packets at the February meeting, Feb. 9th, or via the mail before or after that date. I will take care of the business end of the show. Any Autorama questions please contact me directly at any time, email or cell phone: 214-577-5187.

ANYONE ever wishing to voice concerns, make suggestions, anything helping to make our club even better contact me directly or at meetings. I am open to discussions of any kind at any time.

Terry Lewis is finally about over his ailments (toe related), and also please keep Lee Elms in your thoughts as she has not been feeling well lately.

One final word for this month. We will be promoting several events this year as usual. Periodically I will make suggestions on special road trips, local things to do, and solicit input. Don't forget, this club belongs to all of us, so participate. I have done a lot of past research on various events that will be mentioned again this year. I hope to generate interest in one or more. We will only do special events if we have enough interest so ask questions or bring in your own ideas.

Hello from The Houston Mopar Connection Club,

We have a family who has a 1970 Plymouth Road Runner for sale and I am trying to help them out. They are Bill and Tonya Keneda (tkeneda@comcast.net). Her husband had a cardiac arrest last year and spend 8.5 months in the hospital. Sadly, he was without oxygen for a bit and sustained a brain injury. Thank God, he is out and back home now, but he will never work again and struggles to do more than simple daily tasks. Needless to say, they realize his plan to restore his muscle car is no longer a possibility. They reach out to me for advice on the best way to sell their 1970 Plymouth Roadrunner. It has been in storage for at least 30 years, and has a nice layer of dust and dirt on it. It was running when it went into storage. Bill drove it in high school, and possibly won a race or two in it. Bill is Mopar all the way (his current car is a Dodge Durango), and maybe you know someone who will love the car like he did?

1970 Plymouth Road Runner for Sale

Paint Color Ivy Green White Vinyl Top Black Vinyl Bucket Seats and Interior Engine 383 – 6.3L (Not Original) Transmission 3 Speed Automatic Power Steering Manual Brakes High Rise Intake Manifold 26” Radiator Air Grabber Hood Weight 3451 lbs. Length 204.00 inches Width 79.10 inches

This is a sound straight bodied Muscle Car that has been parked in storage buildings. The vehicle was driven and parked in the fall of 1981, last state inspection sticker was 1985, and had anticipation of restoring it back to its original condition when time permitted. The engine and transmission were rebuilt before it was parked and has from 10 to 15,000 miles on them, and has not been started in a long time. There were plans to restore the vehicle in the next few years, unfortunately heath conditions will not allow this to take place. From what can be seen, the vinyl top will have to be replaced, while it is off, there is some rust under it. The driver’s side fender was replaced years ago, but it looks like it was installed correctly. The body will need to be repainted, and since you will want to pull the motor and freshen it up, paint the engine bay as well. The bucket seats look in good condition, along with the dash, but the carpet will need replacing. We are asking \$18,000 for this solid muscle car. This can be restored back to either a driver or a show car depending on your needs. There are photos attached.

For more information contact Tonya at tkeneda@comcast.net Vehicle is in Cypress Texas
